What is RYLA?

Rotary Youth Leadership Award (RYLA) is an intensive programme for young people in both physical and intellectual terms. It is open to boys and girls within the age range 15 to 17 years as at start of RYLA. You should enjoy participating in a team, social activities and learning the essential skills you need to survive as a leader.

Rotarians recognise that today's young people will become tomorrow's leaders and wealth generators. Preparing those future leaders is a significant task. A task supported and encouraged both by Rotary International and UK Rotary District 1250.

Young people need guidance as they navigate their way through a culture that promotes values that are not always positive or productive. Rotary can assist young people in making decisions that will have a powerful influence on their personal development. For young people to choose the best path towards constructive citizenship requires encouraging them in activities that build their confidence and self-esteem. This will provide them with the vision to identify

how best to apply their own potential for leadership and ability to work as part of a team. This course is great fun, very energetic and immensely challenging.

To give you feedback and to help you succeed, skilled team leaders are always on hand to advise and support you. You can also share your experience and skills with other participants. Everyone also gets a certificate when they complete the course. This can help with future job or college applications.

The highlight of RYLA2015 is the Gala held on the Friday evening 3rd April. Activities will include: assault course, orienteering,

many more!! We will send a programme for the week and a kit list giving everything you will need to bring with you.

Ten young people from foreign countries will be joining us for this exciting International RYLA course giving opportunities to form international friendships with young people from different countries and cultures. To apply

for this course you simply have to complete International Rotary Youth Exchange Short Term Exchange programme (Camps & Tours) Application and return it with your fee of £250 GB to your local sponsoring Rotary Club. International Students should arrange flights to arrive at London Gatwick before 4pm on Sunday 29th March and

arrange the return flight for Monday 6th April

2015. We will be arranging a programme of sightseeing visits including London tours for International Students. This International

RYLA opportunity will offer you training like no other stimulating, involving, challenging and above all Fantastic fun. Places for INTERNATIONAL Students are limited so don't delay book to-day!
