Languages

Religion : Buddhism / Taoism /

Christianity / Mormonism

Hinduism and Islam

Electricity : 110 Voltages

Temperature in summer :

28-35 degree Celsius

Capital : Taipei City

INTRODUCTION OF TAIWAN

Taiwan's total land area is only about 36,000 square kilometers; it is shaped like a tobacco leaf that is narrow at both ends. It lays off the southeastern coast of the mainland Asia, across the Taiwan Strait from Mainland China--an unmatched island on the western edge of the Pacific Ocean. To the north lies Japan; to the south is the Philippine. Many airlines fly to Taiwan, helping make it the perfect travel destination.

Taiwan lies on the western edge of the Pacific “rim of fire,” and continuous tectonic movements have created majestic peaks, rolling hills and plains, basins, coastlines, and other wonders. Taiwan sees climates of many types: tropical, sub-tropical, and temperate, providing clear differentiation between the different seasons. There are about 18,400 species of wildlife on the island, with more than

20% belonging to rare or endangered species; among these are the land-locked salmon, Taiwan mountain goats, Formosan rock monkey, Formosan black bear, blue magpie, Mikado pheasant, Hsuehshan grass lizard, and many more.

The government has established 7 national parks and 13 national scenic areas to preserve Taiwan's best natural ecological environment and cultural sites.

Take a hike in the splendor and sheer heights of the cliffs at Taroko Gorge; take a ride on the Alishan forest railway - one of only three mountain railways in the world--and experience the breathtaking sunrise and sea of clouds; hike up to the summit of Northeast Asia's highest peak, Jade Mountain.

You can also soak up the sun in Kending, Asia's version of

Hawaii; stand at the edge of Sun Moon Lake; traipse through the East Rift Valley; or visit the offshore islands of Kinmen and Penghu. It's fun in capital letters as well as an awesome journey of natural discovery!

Take a cycling Round The Island of Taiwan is most exciting and challenging leisure activity during summer in Taiwan, you will traveling through most of the beautiful scenery spots island wide, visiting various tribes, experiencing different cultures, taking various foods, enjoying sun shining and a lot more. We will cruise from north to south and from west to east, and try to cover the place of interesting in Taiwan as many as possible for you to bring back a life long memory.

You should not miss the culture aspects here in Taiwan either. The integration of Hakka, Taiwanese (Ming-Nan), indigenous -- has led to variety of Taiwanese culture. Whether it is religion, architecture, language, living habits, or food, it's just one big exciting melting pot! Food is the best representative of this cultural mixing and matching.

Aside from cuisine from different parts of the Mainland China such as Zhejiang, Hunan, Guangdong, Yunnan, Shanghai, Beijing,

Sichuan, and others, there is also the local Taiwanese cuisine as well as the local delicacies of each area.

The Island of Taiwan is unique in geographical features and landforms. We are able to reach seashore or mountains of 1,500 meters altitude in an hour drive. So why not apply for the Tour of Round the Island of Taiwan Biking Camp in Summer 2013. Come to explore the Beautiful Island Formosa on Bike. En route we are riding through three national parks out of the seven mentioned, they are Taijiang National Park, Kending National Park and Taroko National Park.

The duration of Camp will be lasting for three weeks, cycling trip takes 12 days in total, however one day each at Southern tip (Kending beach) and East Coast (Taroko Gorge-Hua Lien) will have no biking but offer

campers extra time enjoying suntan on white sand beach, seeing more the nature beauty of gorge and admiring the power of rain force as well as stream.

Besides biking you will stay with host family in Taipei city or northern Island for nine (9) days, four days before biking and five days after. All participants will have ample time to experience convenience of local public transportation, such as subway, bus and taxi at reasonable fare; you can almost go anywhere without transportation problem. Enjoy hospitality and enthusiasm of people on the island. Visiting different night market tasting various cuisines and doing shopping.
